

Volumetric Driver

Eastern Concrete, the region's leading supplier of site-mixed concrete operating out of Stowmarket with regional ready-mix depots at Bury St. Edmunds, Cambridge, Norwich and Stowmarket is looking to recruit a full-time experienced Volumetric Driver to join our successful and expanding team

JOB PURPOSE:

Delivery of site mixed concrete to multiple locations.

Main duties & responsibilities:

- Responsible for the safe and efficient delivery of Site mixed concrete to various locations
 - Complete daily vehicle checks and keep the truck in an acceptable and clean condition
 - Work in accordance with safe practices and legislation with regards to Driver Hours and the Working Time Directive
 - Complete required documentation with good attention to detail
 - Batching of quality approved concrete
 - Customer facing role, good interpersonal skills required
-

Personal specification:

- Enthusiastic, reliable and customer focussed
- Punctual with good communication skills and able to build and retain positive internal and external relationships
- Hold a full HGV Licence with Driver Qualification Card and Driver CPC
- Knowledge of ready-mixed concrete desirable but not essential

Please note that the above list should be used as a guide and therefore not exhaustive

Applicants should apply in writing enclosing a copy of a current CV to:
