

Shovel Driver/Concrete Operative

Are you ready to take on an exciting role in a dynamic construction environment? As a Shovel Driver/Concrete Operative at Eastern Concrete, you'll be at the heart of our production process, helping to create high-quality precast concrete products. You'll operate machinery, handle equipment, and drive a loading shovel or telehandler.

Key Responsibilities:

- Operate machinery and equipment to produce precast concrete units
- Pour and compact concrete into moulds according to design specifications
- Assist with demoulding, finishing, and curing processes
- Safely move and store precast elements using loading shovel or telehandler
- Perform material handling tasks as directed by site management
- Conduct daily equipment checks and basic maintenance
- Maintain a clean, safe, and organised work environment
- Follow all health and safety protocols and wear PPE at all times
- Collaborate with the production team to meet output targets

What We Offer:

- Starting salary £13.38 per hour, including paid breaks
- 45 hours per week, Monday to Friday, plus overtime hours available
- Company Pension Scheme
- Death In Service Benefit (after successful probationary period)
- Mobile Phone allowance
- Employee Referral Programme
- On-site parking
- 21 days annual leave plus bank holidays, and a Christmas shutdown
- Employee discount on our products
- Be part of a stable, independent concrete supplier in the Eastern Region

The Ideal Candidate Will Have...

- Understanding of concrete casting and curing processes
- Ability to operate heavy plant and lifting equipment
- Valid loading shovel and/or telehandler/forklift licence
- Full clean UK driving licence
- Strong awareness of site safety standards and practices

Why Join Us? At Eastern Concrete, we value our employees and strive to create a supportive and rewarding work environment. Join our team and be part of a company that values your contributions and offers opportunities for growth and development.
